

**Peer Classroom Observation of Teaching
Pre-Observation-Form B**

Instructor's name:

Course & section number:

Observer's name:

Date of observation:

Peer Observation Process:

The peer observer should ask instructor to provide syllabus, text, and pertinent material to inform the observer of course content and intended cognitive level desired.

1. What are the goals for the class being observed?

2. What is the plan for achieving these goals?

Adapted from: Chism, N.V.N. (2007). *Peer Review of Teaching: A Sourcebook*. Bolton, MA: Anker

3. What teaching and learning strategies will be used?
4. What have students been asked to accomplish in preparation for this class?
5. What specific areas would you like the observer to focus on?
6. Are there any additional interests or concerns the observer may benefit from knowing before the observation?
